

SMARTLIGHT PROGRAM

2019 Schedule of SMARTLIGHT Incentives,
effective April 1, 2019
until otherwise announced.

Terms & Conditions

Product Qualification	All LED products must be ENERGY STAR® certified or DLC® qualified. To check if your product qualifies for a rebate, visit our consolidated lighting product list at www.encyvermont.com/qualified-lighting . If a product is installed in a Commercial facility, and is listed on both the ENERGY STAR certified and the DLC qualified fixtures list it is ineligible to receive a Smartlight incentive; customer must submit through Commercial Lighting rebate form.
Minimum Cost	Most LED sales require a minimum customer contribution per product , pre-tax. See minimum costs in red below.
Residential Sales	Residential LED sales are limited to a total quantity of 12 products per transaction
Commercial Sales	Commercial LED sales are limited to a total quantity of 250 products per project . To request custom incentives for larger commercial LED projects, please contact: <ul style="list-style-type: none"> Efficiency Vermont at 888-921-5990 x7427, or Burlington Electric Department at 802-865-7336
Sales Tax	Sales tax must be collected in accordance with Vermont state and local tax regulations
