# Cold Climate Heat Pump Program

---

## Install Self-Certification

Please fill out the following statement declaring the number of heat pumps that you have installed in your career. A minimum of 20 installations is required to participate in Efficiency Vermont's Efficiency Excellence Network (EEN) program for Heat Pump Installers. The number of installs you have done impacts the amount of training we require for participation in the EEN.

I, \_\_\_\_\_ (contractor name), representing  
\_\_\_\_\_ (contracting firm) do hereby state that I have installed  
\_\_\_\_\_ (# of split-system) heat pumps.

### Training Reference Table

Number of Installs	Training Requirement
0 – 19	Cannot Participate in EEN
20 – 50	8 hrs Manufacturer-Approved Training
51 - 99	4 hrs Manufacturer-Approved Training
100+	No Training Required (Exempt)
